

333 Gymleco Rear Deltoid Shoulder

300 series, Selectorized machines

Certainly one of the world's best shoulder machines. Thanks to its unique design with articulated handles, you work optimally with the rear part of the shaft.

Individual loading of the arms increases freedom of movement. A machine that makes it easy and fun to train one of the forgotten but important muscles in the back of the shoulder.

Articulated handles make the machine suitable for everyone. Excellent for rehabilitation training.

- Standard frame color: Black
- Standard cushion color: Black/ Red
- Gymleco's unique leading handle that prevents the back muscles from taking over the work.
- Weight block: 100 kg
- Larger weight block (optional)
- Individual arms

Lenght	Width	Height	Weight
147 cm	70-174 cm	149 cm	224 kg

No maintenance needs.
