

# LTX150 Gymleco Commercial Treadmill, with self lubrication

Cardio Machine

Let us present a commercial Gymleco treadmill for professional use. Safe, robust and reliable which can handle a lot of usage at large gyms and other training facilities. Self-lubricating system which makes the maintenance simple and the treadmill keeps in expected condition.

The treadmill has a unique shock absorbing system and is one of the better treadmills on the market when it comes to the feeling when you run. The treadmill has a user friendly menu system and is therefore easy to use for everyone. The difference between LTX150 and LTX200 is the machine size, speed and incline. Read more about LTX200 in the product sheet.
