

680 Gymleco Premium Plyo Box

51x61x76 cm

Accessories

Gymleco's Premium Plyo Box is a training tool with 3 heights in one and the same box. Turn the box over and get three different heights 30, 24, 20 inch (51, 61 and 76 cm)
The Plyo box is made in Sweden from 18mm WISA Hexagon material and designed with handles to easily move the box away.
Gymleco's Plyo box is stable and safe for performing box jumps and other training exercises with a focus on resilience, balance and explosiveness.

The box is advantageously designed for commercial use in gyms or boxes, but can also be used for group gyms, for smaller gyms and home gyms.
