L7025 Gymleco Exercise Bike, Commercial

Cardio Machines

This exercise bike is ergonomically designed and suitable for all training and gym environments. The exercise bike is designed with wheels which makes it easy to move around and handles with different grip options. Thanks to the classic and beautiful design, it is easy to place in any gym and at the same time easy to understand for everyone, regardless of being a beginner or an advanced athlete. The easy-to-read display shows time, distance, speed, speed, level, calorie burn, heart rate and power.

The exercise bike is extremely stable and silent. The display and brake system is self-sufficient which means that you don't need any cables. It's high quality on all details with protective covers which are durable and silent.

- Heart rate monitor in the handles
- Handles with different grip options
- The bike has sturdy adjustable feet
- The wheels make it easy to move
- LED console
- Cordless generator operation
