

LAR22 Alpha Runner, Commercial Treadmill

Cardio Machines

Alpha Runner treadmill is an extremely effective and comfortable treadmill to exercise your cardio in. The straight model of the treadmill makes your running gentle and comfortable.

The combination of the new technology, more precise multi-touch interfaces and a powerful AC motor drive system provides high efficiency and entertainment in your training routine.

In the Alpha Runner treadmill, you have the opportunity to run at speeds up to 25km / h and on an incline of up to 20%. The display is in a classic design and thus easy to understand for all trainees. The treadmill is excellent for the commercial gym.
